

## Nikita Would Like Summit Level Talks

By JOHN M. HIGHTOWER  
WASHINGTON (AP) — Soviet Premier Khrushchev reportedly hinted to foreign visitors recently that he might like to have a talk with President Kennedy on the Berlin situation late this year.

U.S. officials are cool to such a meeting because of the danger that sharp disagreement at the summit level would inflame East-West tensions.

There has been speculation in diplomatic quarters that Khrushchev may decide to attend some sessions of the U.N. General Assembly in New York in late November. Well informed diplomats now believe that if he does, his purpose will be not only to appear in the assembly but to create an opportunity for a meeting with Kennedy.

In such circumstances, it is said, the President undoubtedly would see Khrushchev as he might see any other government leader who came to the United Nations. But on the U.S. side nothing is being done to encourage Khrushchev to make the trip.

Secretary of State Dean Rusk flies to New York this afternoon for a round of conferences with various foreign ministers attending the U.N. General Assembly. He is to see Soviet Foreign Minister Andrei Gromyko on Tuesday. Berlin, disarmament and Cuba are prospective subjects of discussion.

The revived talk of a Khrushchev trip to the United States will be in the background of the Rusk-Gromyko meeting, but whether the Soviet minister will put out any more feelers is uncertain. So far as Western authorities are able to judge, Khrushchev himself has not yet made any final decision on the moves he intends to make with respect to Berlin.

Rusk is expected to emphasize anew that the United States, Britain and France, as the occupation powers in West Berlin, have no intention either of negotiating on their right to be there, or agreeing to accept Soviet forces along the Western border while Western forces have no role in Soviet-controlled East Berlin.

## Operation Helps Barren Women

LONDON (AP)—The Solicitors Journal—a British legal publication—said today that doctors have developed an operation whereby a barren woman can have children. But, it said, the nation's Medical Defense Union has given the opinion that any child born after such an operation would be illegitimate.

The operation involves grafting a healthy ovary—reproductive organ—into the body of a woman whose ovaries are sterile or have been removed. The healthy ovaries could be obtained from women who choose, for various reasons, to have them removed.

The magazine said a well-known British gynecologist almost performed the operation on a young, childless wife who begged for his help, but he said he first wanted the opinion of the Medical Defense Union.

The Medical Defense Union is an organization that insures doctors against legal actions resulting from the practice of their profession. It even defends them in court.

The Solicitors Journal said the medical union ruled: "Any child born after the operation would be illegitimate."

A spokesman for the Medical Defense Union said he could make no immediate comment.

The reasoning as to illegitimacy of the offspring made no distinction as to the marital status of the mother. It is based on a belief that such cases, like artificial insemination, are not normal or natural.

### Pigs in Yard

BERLIN (AP)—East Germany's Red rulers have appealed to the population to save kitchen scraps and keep pigs in their backyards to help overcome the meat shortage.

## Weather

Total 1962 precipitation through August, 32.26 inches; during the same period last year, 39.41 inches.

Partly cloudy to cloudy through Sunday with a few showers. High 74-84. Low tonight in 50s.

**LINKING EUROPE WITH ASIA**—Within five years, two modern, all-weather highways will carry commercial and tourist traffic between Europe and Asia as far as Teheran. As shown on map, southern and northern routes will begin in European Turkey and cross into Iran, linking up major cities in both countries. The master plan is the result of co-operation between the two governments, with advice and assistance from the United Nations, International Road Federation as well as other international agencies.

## If You Enjoy it, No Tax Deductions

LITTLE ROCK (AP) — A wide range of tax deductions was discussed today at the Arkansas Federal Tax Institute and George D. Webster, tax attorney from Washington, made the generalization that "if you enjoy it, it isn't deductible."

About 300 attorneys, accountants, Internal Revenue Service employees, bankers and businessmen registered today for the institute, which is designed for people who are interested in the federal tax program and the administration of tax laws.

Mortimer Caplin, Internal Revenue Service Commissioner, was to speak later today. In an interview this morning he described a new line on income tax forms by which taxpayers may take their refunds in U.S. savings bonds if they wish. He said it would be the only important change on the tax form from 1963.

But the businessman will get a form of tax relief this year by administrative measures taken within the IRS, Caplin said. "This will permit businessmen to take tax deductions over a shorter period of time on machinery and equipment."

Webster, the Washington tax attorney, praised Caplin for his recent warning that the IRS will take a close look at reported "give aways of non-cash contributions entered as a deduction with inflated values."

"This can be a real fraud," Webster said. "Especially in making gifts of art objects or land and setting up and inflated value on the gift."

He also praised Rep. Wilbur Mills, D-Ark., chairman of the tax-writing House Ways and Means Committee. "If he can close enough loopholes," Webster said, "perhaps the tax rates can be cut."

M. A. Murphree, a certified public accountant from Midland, Tex., spoke on the complicated tax problems of farmers, especially the question of who qualifies as a farmer.

"The taxpayer is engaged in the business of farming if he cultivates, operates or manages a farm for gain or profit, either as owner or tenant," Murphree said. "Or who receives the rental based on farm production."

Anyone engaged in forestry or the growing of timber is not a farmer, he said. A person cultivating a farm for recreation or pleasure is not a farmer.

## Plant to Produce New Fertilizer

LITTLE ROCK (AP)—A factory which will produce fertilizer from a by-product of the aluminum industry is under construction at nearby Alexander.

Raw material for the plant will be "brown mud" which is a residue which aluminum is processed from bauxite ore.

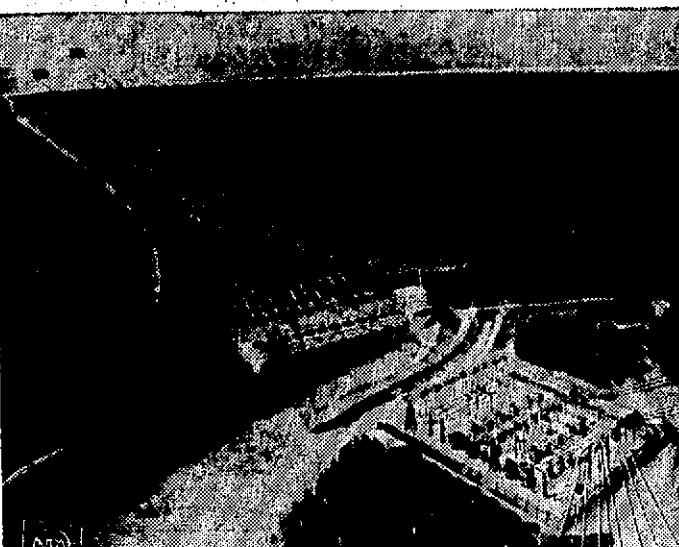

Clyde Reeves, president of the company which is financing the plant, said the material contains 27 agents which work as plant food. It will be dried and bagged for shipment.

The plant will employ 15 persons.

## Nine Megaton Bomb Exploded

UPPSALA, Sweden (AP)—The Soviet Union exploded a nine-megaton nuclear bomb in the atmosphere over Novaya Zemlya this morning, the Uppsala Seismological Institute reported.

The announcement said it was the 12th explosion in the current Soviet test series which started on Aug. 5. The blast had the force of nine million tons of TNT.

**MOVING THE EARTH**—Artist's drawing shows how Canada's Portage Mountain Dam and 2½-million-kilowatt powerhouse will look when it is completed in 1970. The dam will stretch 1.3 miles across the Peace River Valley in northern British Columbia. Rising 615 feet above the river bed, it will be the highest earth fill dam in the world. A huge reservoir lake created by the dam will cover more than 950 square miles and take seven to eight years to fill.

## Coffelt May Go Help Mississippi

LITTLE ROCK (AP)—Kenneth Coffelt, a Little Rock lawyer, said today his offer to advise Mississippi officials in their campaign to keep James H. Meredith, a Negro out of the University of Mississippi may be accepted.

Coffelt, an unsuccessful candidate for the Democratic nomination for governor of Arkansas this summer, said he had talked by telephone today with a Jackson, Miss., lawyer and a Mississippi state official, whom he would not name.

Coffelt said he offered to advise Arkansas officials during the Little Rock integration crisis in 1957 but they would not heed his suggestions.

The lawyer said his plan would mean that someone would have to go to jail. "But they would be released immediately by a state judge on a writ of habeas corpus," he said.

## Tight Pink Pants Distracts Workers

LONDON (AP)—Shapely Barbara Smith, whose tight pink pants almost shut down a British shirt factory, was credited today with boosting employment.

Barbara, 23, whose vital statistics are 35-23-35, has worked at the factory for three years.

Two days ago 20 male workers at the factory complained to the management that the shocking pink pants distracted them.

James Wright, one of the men who grumbled, said: "It's not laughing matter. But I don't mind the idea of girls in pants as much as I do that shocking pink color—ugh!" Her job hung in the balance—but not any more.

"Ever since the story got out," said Larrah Adams, one of the factory's executives, "the phone's been ringing. Men of all ages have been calling us asking for jobs."

In Britain, factory workers are sometimes hard to get.

## Department Store Sales Show Gain

ST. LOUIS (AP)—The Federal Reserve Bank of St. Louis reports that department store sales in the Eighth Federal Reserve District the week ended Sept. 15 were one per cent above those of last week.

Louisville was up four per cent and St. Louis one, while sales in seven smaller cities climbed three per cent.

In Memphis and Little Rock, declines of one per cent were reported.

Sales for the four weeks ended Sept. 15 were four per cent above those of last year.

District sales to date are five per cent higher than a year ago.

## Kennedy Is Campaigning in 2 States

By DOUGLAS B. CORNELL  
HARRISBURG, Pa. (AP) — President Kennedy is back in political fighting form and ready to follow up his first 1962 campaign sortie into Pennsylvania with another into West Virginia.

Kennedy slashed at the Republican record and called for strengthened Democratic support in Congress before 10,000 partisans Thursday night.

The American people, he said, will determine in the Nov. 6 election "whether we are to step up the progress already made or return to deadlock and drift."

It's been more than a year and a half since Kennedy has done any real, out-in-the-open campaigning. Obviously he hasn't lost his touch.

He started in as soon as a helicopter from Washington lowered him onto the Harrisburg airport. It was chilly and cloudy in the late afternoon, but the President had a sunny smile for a welcoming crowd that the state police estimated generously at 3,000.

He did some handshaking and made a little talk.

"Eighteen months ago," he mused, "I used to do this six times a day, but I haven't done it for a long time, and we start today, and most appropriately in Pennsylvania on the fall campaign of 1962."

The President figured that Pennsylvania support made possible his nomination and election to the presidency—he carried the state by 11,000 votes and the country by 113,000.

Andrew T. Hatcher, acting White House press secretary, said: Continued on Page Two

## Helena May Not Renew Port Lease

HELENA, Ark. (AP) — The Helena Airport Commission said Thursday it would comply with a Federal Aviation Agency recommendation that the airport lease held by E. E. Terry not be renewed when it comes up for renegotiation Jan. 1.

FAA Inspector Leonard Winkler said in a letter Thursday that he found in a hearing that Terry was operating the airport as a monopoly and not for the benefit of the public.

S. H. Hurst, chairman of the commission, said the commission agreed to write a lease in compliance with FAA regulations and put the airport operation up for bids Jan. 1.

"Two crop dusters, Earl P. Jones and John Seemen of Helena, complained to the FAA that they had been denied use of the airport facilities. Winkler visited the airport for the hearing last month.

## Soviets; U.S. Wrangle Over Cuban Issue

By WILLIAM N. OATIS

UNITED NATIONS, N.Y. (AP) — The United States and the Soviet Union accused each other of risking war over Cuba in a head-on clash Friday night before the General Assembly.

Soviet Foreign Minister Andrei A. Gromyko brought up the explosive Cuban issue in a 90-minute general policy speech delivered on the eve of a meeting with Secretary of State Dean Rusk, who is arriving in New York for a week's stay.

Gromyko accused the United States of aggressive acts toward Fidel Castro's regime and said a U.S. attack on Cuba would mean war.

U.S. Chief Delegate Adlai E. Stevenson, replying immediately, said the Soviet Union is threatening peace by supplying military aid to Cuba.

"We are not taking and will not take offensive action in this hemisphere, neither will we permit aggression in this hemisphere," Stevenson said.

"The threat to peace in Cuba comes not from the United States but from the Soviet Union. The threat arises from the extraordinary and unnecessary flood of Soviet arms and military personnel pouring into Cuba."

Gromyko said President Kennedy's Sept. 13 news conference statement on Cuba meant "that the United States is at liberty to mount military action against Cuba and that it will itself decide when to deem it necessary to start an invasion."

Already, he said, the United States is practicing aggressive acts against Cuba by providing arms and equipment to Cuban refugees for "pirate sorties" against their homeland. The United States, he said, because the Cuban system "is not to its liking."

"The United Nations will be killed if this policy prevails," he said.

But, said Gromyko, nowadays "states possess rocket nuclear weapons" and "the Soviet Union and the Socialist countries possess, at the least, the same means as the Capitalist countries."

"The Soviet Union," he declared, "believes it necessary to raise its voice in warning, and to draw the attention of members of the United Nations to the grave consequences which the policy practiced by the United States, in regard to the Republic of Cuba can have for the cause of peace."

"An attack on Cuba would have implications about which the Soviet government warned the whole world in the well known statement issued on Sept. 11, 1962," Gromyko said.

That statement said a U.S. attack on Cuba "will be the beginning of the unleashing of war."

## President Is Named in Damage Suit

LOS ANGELES (AP)—President Kennedy, in answer to a \$450,000 damage suit naming him and others, says he did not directly participate in the leasing of a car that was involved in an accident during the 1960 Democratic convention here.

The President's written answers to a series of written questions were received Thursday by lawyers for four plaintiffs. A judge ruled earlier the President need not appear in court.

Suing are four Mississippi delegates to the convention—State Sen. Hugh Bailey; Circuit Judge Walter O'Barr Jr.; Mrs. Jimmie Lee Hills, wife of a political writer; and William Austin, a plantation owner.

Their complaint states they were injured July 12, 1960, when their car was struck by one driven by George S. Zarett, a volunteer campaign worker for Kennedy.

The President said he was also aware that his brother, Robert F. Kennedy, now attorney general, leased a number of cars during the convention. He said the vehicles were made available to governors, senators, congressmen and mayors.

The trial is pending.

### Convoys Cleared

BERLIN (AP) — Soviet guards cleared the U.S. convoys quickly through their checkpoints today.

## United Fund Is a "One for All Effort" of Citizens to Combine Benefit Programs

By MARY ANITA LASETER

Like the Three Musketeers, the United Fund is a "one for all" effort. And each of the citizens of our community can benefit, individually and collectively, from such a campaign.

The obvious benefits have been discussed before, such as the convenience of giving and collecting in a once-a-year drive or a payroll deduction plan and the greater amount realized by the various agencies because of reduced campaign costs. But another beneficial aspect has recently been pointed out to us. It involves new industries.

Did you know that one of the questions asked by major industries before they consider moving into an area is: "What sort of charitable fund raising programs do you have?" This question is usually followed with others like: Are your campaigns federated? What type of leadership do you have? Does a federated campaign meet with success?

Why should favorable answers to these questions mean anything at all to these people? Simply because it gives a picture of the social climate of an area, an important factor to consider before the movement of industries. A positive answer shows 3 things.

First, there is a personal pride in the citizenry, who have a "we can take care of our own" philosophy. Second, the community realizes the value of such an effort in saving money and manpower. Third the industry wonders how many times its people will be asked on-the-job for campaign contributions, so it is pleased with a once-a-year plan.

Realizing the value of the United Fund to its employees and employers alike, the Hope Wire Products and Tol-E-Text have gone the United Way all the way, or 100%. Until Sept. 1 the employees at the Wire Products had contributed \$263 to the United Fund. Since the company matches the employees' amount, there was a total of \$526 from Wire Products. The plan at Tol-E-Text is a little different but they, nevertheless, are 100%. The employees at Tol-E-Text have given \$306 and the company \$150 thus far this year. Both use the Payroll Deduction Plan.

Though there are only two firms which have subscribed 100% in Hope, a total of 90 different stores, shops and factories have joined in part. Of these, the pledges of the employees in 69 businesses have been paid. This is particularly good in view of the fact that the drive for funds got a late start for the last two years in our community.

This, the third year for the United Fund in Hope and Hempstead County, will get underway on Oct. 6 when the current drive opens. The Fund Drive Chairman for 1962 is Ed Thrash, and Clifford Franks is Fund President. Final plans were made for the campaign on Thursday night of this week and will be announced soon.

## Newport May Be Without Water

NEWPORT, Ark. (AP)—Efforts are underway to keep the water flowing to seven industries and 51 homes in the vicinity of the Newport Airport.

Unless something is done, water will be cut off Sept. 30 because voters refused to approve a \$154,000 revenue bond issue to rebuild the airport water system.

The Jackson County Industrial Development Corp., is negotiating with officials of the industries and the Newport Waterworks Co.

The industries and the area were served by the airport water supply system, but the Federal Aviation Agency ordered the airport to stop operating the water system because it was losing money.

Final vote in Tuesday's bond election was 1,144 against the issue and 1,006 for it.

## Youth Hit by Car, Fatally Injured

MARKED TREE, Ark. (AP)—Billy Ray Chandler, 5, was fatally injured Thursday night when he was struck by a car near his home on State Highway 149 about 12 miles north of Earle.

State Police said the boy was a passenger in a car driven by his father, James Chandler of Tyrone. They said the youngster got out of the car, which was stopped in the northbound traffic lane at the driveway of his home, and ran into the path of a car driven by Freddy Taylor, 33, also of Tyrone.

The youngster was pronounced dead on arrival at a hospital.

## Schedule of 3rd District Stock Show Activities

**Monday** — Formal opening with parade at 4 p. m. Free Talent Show in Coliseum with Club Youths backed by Jones Junction Gang of Shreveport.

**Tuesday** — Quarterhouse Show featured, with finals in Coliseum Tuesday night. No admission.

**Wednesday** — Appaloosa Horse Show, finals Wednesday night in Coliseum, no admission charge.

**Thursday** — Western Half of show opens with parade at 4 p. m. with famous Crenshaw Rodeo Co. in Coliseum.

**Friday - Saturday** — Rodeo in Coliseum each night, one feature is Appaloosa Horse race each night.

## Russia Sets Off a Huge Nuclear Blast

WASHINGTON (AP)—The Soviet Union has detonated nuclear blasts in space at least 28 times as powerful as the U.S. high-altitude explosion which sent a new radiation belt whirling around the earth July 9, a comparison showed today.

The Atomic Energy Commission announced today that the size of the U.S. blast July 9 over the Pacific was put at the equivalent of 1.4 million tons of TNT. Other sources said the Soviet high-altitude blast of Aug. 5 was equal to 40 million tons of TNT.

Informed sources outside the AEC said the information was being declassified to show how even a relatively small nuclear device could create high-altitude radiation of considerable strength, and to give some perspective for judging Soviet high-altitude testing.

The U.S. blast knocked out communications from three U.S. satellites, as electrons from the nuclear explosion formed a belt around the earth.

The new information also set the altitude of the U.S. blast at 250 miles, some 40 miles higher than the previously reported altitude.

Nearly two months after the U.S. nuclear blast, the United States said the radiation belt created by it was much stronger than expected and might last for many years.

At that time, both the AEC and the Defense Department said there would be no danger to manned space programs, since the new radiation belt "clearly lies above the path of currently manned flights."

The Soviet tests are held high above the Arctic island of Novaya Zemlya, and so far there have been no indications of what altitude the Soviets have chosen to fire their blasts.

There was no statement as to what danger might arise from manned space flight from the Soviet blasts.

The purpose of the high-altitude nuclear blasts is to check the effects on communications signals, and yield data on the effects of nuclear explosions in space and their possible value in destroying attacking missiles.

## Woman Attacked, Reward Offered

HAZEN, Ark. (AP)—A group of 20 Prairie County residents announced Thursday that \$200 had been raised to add to reward money for arrest and conviction of a Negro who attacked Rep. Wilbur Mills' secretary in Washington.

Former state Sen. Jerry Screeton said Mills was notified of the action in a telegram which said: "We urgently suggest that the do-gooders among our national leaders who have been so critical of our social climate in Arkansas now direct their attention to the protection of Arkansas citizens against these inevitable results of their noble experiment in the nation's capital."

The secretary, Martha Sue Huitt, 23, is recovering in a Washington hospital.

Miss Huitt, a native of Warren, Ark., said the Negro grabbed her around the throat, then, when she screamed, struck her and ran.

Mills offered a \$500 reward for arrest and conviction of the assailant.

## Officials Are Cleared; More Charges Due

OXFORD, Miss. (AP) — Negro James H. Meredith kept up his vigil of watchful waiting today as the Justice Department prepared another attempt to press a contempt citation against University of Mississippi officials.

U.S. Dist. Judge Sidney Mize Friday cleared the chancellor, dean and registrar of contempt charges that followed after Gov. Ross Barnett intervened and refused to allow Meredith, 29, to enroll.

Mize, who had turned down Meredith's petition for an admission order (three times until) he was told to grant it by an appeals court, ruled that the board of trustees—not the three defendants—held sole power to admit Meredith.

The 13 members of the State College Board—in effect, the board of trustees for all Mississippi institutions of higher learning—are scheduled to appear in New Orleans Monday on the same contempt charges.

Three judges of the 5th U.S. Circuit Court of Appeals will hear the case. Former Gov. J. P. Coleman will defend some board members.

Although classes started Friday at Ole Miss, there were still two days of registration left—today and Monday. But plans of the Air Force veteran have not been disclosed. Nor were his whereabouts known.

Observers here thought Meredith, a father of two, might not act until the appeals court handed down its ruling in Monday's hearing.

## U. S. Rejects China's U2 Protest

WASHINGTON (AP)—The United States has rejected a protest by Communist China against a U2 reconnaissance plane flight over Chinese Communist territory.

The protest was made in a meeting Thursday of American and Chinese ambassadors at Warsaw, Poland. It was immediately rejected on the grounds that the aircraft was owned and operated by Nationalist China.

Communist China announced Sept. 9 that it had shot down a U2—the type of plane that rocketed into world fame in May 1960 when one was brought down over the Soviet Union in an incident that led to the collapse of the Big Four summit conference two weeks later.

The State Department said that two of the high-altitude jet aircraft had been sold to Nationalist China with government approval, but that, from that point on, it was a Chinese Nationalist operation. Chinese pilots were trained in this country.

Communist propaganda charged that it was a U.S. operation. A formal protest was made Thursday by Chinese Communist Ambassador Wang Ping-nam at Warsaw to U.S. Ambassador John Moors Cabot.

Local Option Vote

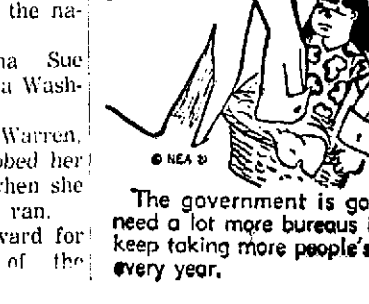

HAMPTON, Ark. (AP) — Petitions to place a local option liquor election on the Nov. 6 general election ballot have been filed with the Calhoun County clerk's office. Pro-liquor forces won by a two-to-one majority in a similar election in 1944.

## Hays to Washington

WASHINGTON (AP) — Brooks Hays, special presidential assistant, has returned to Washington following a leave of absence in Europe. Hays, former Arkansas congressman, attended an executive committee meeting of the Baptist World Alliance in Oslo, Norway. He is past president of the Southern Baptist Association. He also spoke at chapel services at U.S. Air Force bases near Wiesbaden, Germany and London.

## Little Liz

The government is going to need a lot more bureaus if they keep taking more people's shirts every year.

# SOCIETY

Phone 7-3431 Between 8 A. M. and 4 P. M.

## Calendar

Saturday, Sept. 22

The Friday Music Club President's Luncheon honoring Mrs. Arch Wylie will be held Saturday, Sept. 22 at 12:30 p.m. in the Rose Room of the Diamond. All members and associate members are invited.

Monday, September 24

The Night Circles of the First Baptist church will meet at the church for the Royal Service program Monday, September 24 at 7:30 p.m.

Tuesday, Sept. 25

Chapter AE of PEO will meet at 4 p.m. Tuesday, Sept. 25 in the Green Room of the Diamond with Mrs. B. N. Holl and Mrs. E. H. Stewart, co-hostesses.

The Cosmopolitan Club will have its first meeting of the club year at 7:45 p.m. in the home of Mrs. Lyle Brown with Mrs. Royce Smith, co-hostess.

Saturday, Sept. 29

The Hempstead County Republican Club is sponsoring a breakfast for Warren Liebong, Congressional candidate at 7:45 a.m. Saturday, Sept. 29 at the Barlow. The price is \$1 per person.

## Votes Challenged in Manager Case

NEWPORT, Ark. (AP)—A suit was filed in Circuit Court here Wednesday challenging votes in a recently defeated proposal to change the city's form of government from mayor-council to city manager.

Newport city officials and the Jackson County Election Commission were named defendants. In a vote Aug. 21 the issue was defeated 888 to 88.

The suit, filed by backers of the city manager plan, alleges that 87 illegal votes were cast against the issue and that one legal absentee vote in its favor was not counted.

Six persons voted twice, the suit alleges and the remainder of the 87 were illegal because the voters were not on the list or voted outside their precincts.

The suit asks that the ballot boxes, poll tax books and other election records be impounded by the court pending outcome of the suit.

The United States began building the Panama Canal in November, 1904. It was finished 10 years later.

## School Menu

School Menu for week of Sept. 24-28:

Monday — Barbecue on bun, lima beans, green salad, apple crisp, milk.

Tuesday — Beef stew, buttered english peas, cold slaw with tomatoes, hot rolls, butter, chilled punch, milk.

Wednesday — Hamburger on bun, mustard, pickles, onion, spanish rice, applesauce cake, milk.

Thursday — Ham chunks with boiled beans, tossed salad, south-of-the-border corn bread, cherry cobbler, milk.

Friday — Meat salad sandwich, potatoes with cheese, spiced beets, cinnamon rolls, milk.

## New Tests Detect Early Pregnancy

LITTLE ROCK (AP)—The success of a new test to determine pregnancy as early as the third week was announced today by Dr. Charles T. Stubblefield of Kansas City, Mo.

Dr. Stubblefield told delegates to the 10th annual meeting of District 7 of the American College of Obstetricians and Gynecologists that the test's success was confirmed by a three-month pilot study in a Kansas City clinic.

The doctor is a resident in the department of obstetrics and gynecology at the Kansas City General Hospital and Medical Center.

He said 81 patients were studied and that the new test was accurate in all cases. Another widely used test was accurate in only 65 per cent of the cases, he added.

The test is called the Alkaline Phosphatase Activity in Granular Leukocytes test, or simply the APGL test. It measures a variable in the blood related to white blood cells. Results, Dr. Stubblefield said, can be ascertained within an hour.

Reports on a new technique which permits accurate diagnosis of female tumors and malignancies in 10 minutes also were given.

Drs. C. D. Braungard, Raymond H. Kaufman and S. D. Greenberg, all of the Baylor University College of Medicine, said the procedure involves diagnosis of frozen sections taken while the patient is still in the operating room.

The new technique enables the patient to receive proper treatment.

## Bookmobile Schedule

Sept. 25:  
9:00 Willisville School  
12:45 Heading Home  
1:00 Willisville Community  
2:00 Atkins Home  
2:15 Waterloo  
2:30 Gresham Home  
3:05 Bailey Home  
3:20 Kelly Home  
3:25 Everett Home  
Sept. 26:  
8:25 Meloy Home  
8:55 De Ann  
10:00 Rhodes Home  
10:30 McCaskill  
11:05 Young Home  
12:45 Kidd Home  
1:15 Woodruff Home  
2:30 Hix Lee Grocery  
3:00 Head Home  
3:30 Cummings Home  
4:00 Dougan Home  
4:15 Justice Home  
Sept. 27:  
8:25 Chunn Home  
9:00 Oakhaven  
10:00 Columbus  
10:35 Cross Roads  
11:00 Day Home  
12:15 Ozan  
1:00 Amonette Gro.  
1:30 Bob's Grocery  
2:40 Carrigan Home  
2:30 Luck Ranch

No teen-ager will achieve her dream of a clear, healthy complexion just by wishing. This girl keeps her face, neck and hands scrupulously clean (left), combining frequent washing with use of an antiseptic skin cleanser. She realizes that sitting won't stimulate circulation. She gets fresh air and exercise by bicycle riding each day (center). She likes sweets as much as her friends do but is careful to satisfy her between-meal hunger (right) with milk and fruits.

## Some Things Picked Up in the Mail

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

When you call someone whose intelligence you doubt a "fat-head," you show your own ignorance. Brain cells contain little or no real fat.

If scientists built an electronic computer as complex as the human brain, it would have up to 15 billion tubes.

For \$2,000 a British genealogical service will trace your family tree, presumably listing all the nuts it produced.

At present 36 per cent of all U.S. women over 35 hold jobs outside the home.

Herbert Hoover is a canasta fan. The 88-year-old former president enjoyed playing the game during his recent convalescence from an operation.

The only man outside the royal household who ever visited King Saud's harem in Saudi Arabia was Peter Krocher, a German masseur.

In 1947, television's first year on the popular market, only 250,000 sets were made in this country.

Our quotable notables: "I have great faith in fools; self-confidence my friends call it"—Edgar Allan Poe.

The average American industrial worker today can look forward to earning at least \$225,000 in his lifetime—of which he will pay at least \$45,000 in taxes.

You can't measure a soldier's patriotism by his pay. The Turkish army is renowned for its high morale in battle, yet a Turkish private gets only about 82 cents a month.

This country has more than 12,000 libraries. The Library of Congress alone has 400 miles of bookshelves and 36 million books.

Crossword puzzle addicts who want a real test of their skill might try the bilingual puzzles popular in Canada. They have English words in one direction, French in the other.

Did you know that in the 17th century Connecticut Indians favored tobacco juice as a beverage? They got all lit up from it.

Practically every school kid knows that both John Adams and Thomas Jefferson died on the 50th anniversary of Independence Day, but can you name a U.S. president who was born on July 4? Answer: Calvin Coolidge.

Sir Winston Churchill's long-standing rule in his home is that nobody sits down to dinner or lunch until his two pet dogs, who also eat in the dining room, are fed first.

It was Helen Rowland who observed, "When you see a married couple coming down the street, the one who is two or three steps ahead is the one that's mad."

## Guard Offices to Little Rock Base

LITTLE ROCK (AP)—The headquarters and offices of the Arkansas Air National Guard will be moved to the Little Rock Air Force Base in transition ceremonies scheduled for Monday afternoon.

The Guard has been stationed at Adams Field in Little Rock.

Among the dignitaries scheduled to participate in the ceremonies are Gen. Frank Bailey, commander of the Air National Guard in Arkansas; Gen. Sherman T. Clinger, state adjutant general; Col. Robert Strong, commander of the 825th Strategic Aerospace Division at the air base, and his division staff.

A highlight of the ceremonies will be the landing of B57 jet bombers flown from Adams Field.

ment sooner and eliminates several days of hospitalization, the doctors reported. They said it also cuts patient costs almost in half and required only one general anesthetic.

CHRISTMAS SEAL FAMILY—Family depicted in the design of the 1961 Christmas Seal stamps, left, was brought to life photographically by four families in Macon County, Ill. The unusual comparison of the original drawings, left, and photographs, right, appeared on the cover of the annual report issued by the National Tuberculosis Association.

## DOROTHY DIX

Who's at Fault in This Marriage?

By HELEN WORDEN ERSKINE

Dear Helen: After more than 26 years of marriage my husband talks divorce. I am 49, he is 51. We have raised four boys and four girls. We are proud of our children.

My husband, is a good worker. All at once, he just quit, started drinking, and began coming home at all hours. I said some things that I should have kept my mouth shut about. Now he tells everyone it's all my fault.

We lost our nice house last spring and rented a farm. Three of the children and I wanted to help cultivate it but my husband doesn't care whether he works or not any more. All at once, he's suddenly a changed man. We still owe bills. They worry him and me. (oo. Can you give me any advice? —Big Dummy

Dear Dummy: A marriage never goes on the rocks overnight. When a wife claims, as you do, that "all at once" your husband changed, that "all of a sudden" you don't understand him, I'm inclined to be skeptical.

I wonder just what you left out of your version of the story and why. You say your husband asserts it's all your fault—but you give no hint of what he thinks that fault may be, even if you believe him wrong. In short, it takes two to make a marriage and two to break it. You paint a picture of a startling change in your husband's good habits and behavior. That he has changed, I don't doubt. But that it all happened out of the blue, without some influence on the event by you, his wife of 26 years, taxes the imagination.

There is, however, one clue to a drastic change in a man of his age. Perhaps because he's passed the 50-year mark, which is a milestone for everyone, he has begun to wonder about what he has and has not done with his life, and where he goes from here on out. But even if this is his mood you must ask yourself where you fell down as a wife.

More than a quarter-century of marriage and eight children forge a bond between two people. Don't allow it to be dissolved without a major effort on your part.

Tell your husband frankly that you're hurt by the change in him; be big enough to admit your weak points; promise to correct your shortcomings if he will correct his. All this will help prevent the cloud of misunderstanding between you from growing too thick to clear up.

Dear Helen: I don't mind saying I'm scared to death. Soon I will be a mother and I'm not married. I know nothing about what it's like to give birth to a baby and I feel I won't be able to bear it unless I have some encouragement.

The father is overseas and can't get a leave. My parents are dead and I have no close or distant

relatives who care enough to come and be with me. I am 17.

This town I'm in and all the people are strange and frightening. I'm working as a waitress in a cheap cafe to support myself. I am not very healthy. I weigh 91 pounds and don't know what food to eat; besides, I haven't enough money to pay my rent and eat very much too. Please help me. —Frightened

Dear Frightened: Take your next week's wages and buy a ticket out of town. Head for the nearest good-sized city and the first church you can find in it. Ask there for the address of the local welfare agency.

Practically every big town has an agency devoted to the care of unwed and friendless mothers. America has a bigger heart than you may realize. You will get not only medical attention but help on a new start in life after the baby comes.

## Cold Air Chills Much of U. S.

By THE ASSOCIATED PRESS

Cold air chilling most of the nation is expected to take the steam out of the thumping storm that hit parts of Florida with damaging winds and more than a foot of rainfall.

More than 13 inches of rain poured down on Sarasota Thursday evening, flooding parts of the city three feet deep and causing some residents to be evacuated.

Five inches of rain fell on St. Petersburg and 40-mile-an-hour winds raked Miami. Water and power failures were reported in Sarasota and Miami.

Meanwhile, it was cool sleeping for most of the rest of the nation, and downright freezing in some parts.

Lebanon, N.H., saw the temperature go down to 31 degrees.

## Quachita Plans Endowment Dinner

ARKADELPHIA, Ark. (AP)—

Some 50 pastors and laymen from throughout the state are expected to attend a dinner kicking off a drive to raise \$1.3 million for a permanent endowment fund of Quachita Baptist College here tonight.

Dr. Ralph A. Phelps Jr., president of the college, is director of the campaign.

Cochairmen are Dr. R. L. South, pastor of the Park Hill Baptist Church in North Little Rock, and W. S. Fox, chairman of the executive committee of the board of trustees of Quachita. The winner is scheduled to be

## Food Stamp Plan to Be Discussed

LITTLE ROCK (AP)—Gov. Orval E. Faubus was to meet with federal and state officials today to discuss a food stamp program which may be inaugurated in Independence County.

The proposal would be used in lieu of the surplus commodity program.

The new plan would require eligible recipients to buy stamps to get some commodities, while a certain amount of commodities would be given free.

The surplus commodity system gives about a dozen foodstuffs free.

A. J. Moss, assistant welfare commissioner, said a survey in Independence County has been made as to whether recipients of the surplus food plan to change to the food stamp plan, but he declined to reveal the outcome of the survey before today's meeting.

## 3.9 Million Chicks Started

LITTLE ROCK (AP)—Arkansas producers started 3,929,000 broiler chicks during the week ended Sept. 15, about the same number as the week before, the Crop Reporting Service said Thursday.

Of the total placements in the state, 3,386,000 chicks were hatched in Arkansas and 543,000 came from other states.

There were 102,000 broiler chicks shipped out of Arkansas during the week.

The estimated total of 5,030,000 eggs set for broiler-type chicks in Arkansas during the week was 2 per cent below the total for the previous week.

Commercial hatcheries in Arkansas produced 18,088,000 chicks during the month of August, slightly less than the number hatched in the same month last year, the service said.

## One Youth Dead, Four Injured

PARKIN, Ark. (AP)—Four teenagers were injured, one fatally, when the car in which they were riding struck a mail transport truck Thursday night on U.S. Highway 64 in Parkin.

Dead is Sidney Morgan, 18, identified by State Police as the driver of the car. Those injured were Phillip Penney, 17, Mike Kosloski, 16, and Lewis Wood, 14. All are from Earle.

Authorities said the car pulled out of a drive-in restaurant and the driver apparently lost control. The car swerved into the path of the mail truck, which was driven by Mack Rutledge, 26, of Judsonia. Rutledge was not injured.

Morgan was taken to the Cross County Hospital at Wynne and later was transferred to a Memphis hospital, where he died this morning.

Officers said the youths had been attending a football game in Parkin.

## Kennedy Is

Continued From Page One

Kennedy's next political port of call will be Wheeling, W.Va., next Thursday. It was West Virginia which gave Kennedy a key victory in the primary along with its electoral votes in the general election.

Much of the time between now and Thursday, Kennedy will be relaxing with his family at Newport, R.I. He flew there immediately after his appearance at the Democratic fund-raising rally here.

The Democratic State Finance Committee said it sold more than 10,000 tickets at \$100 a plate and will make more than a million dollars from a dinner held in an exhibition hall next to the arena where Kennedy spoke.

Kennedy sat at the head table briefly, but dined privately and talked campaign strategy with outgoing Gov. David L. Lawrence; Richardson Dilworth, the former Philadelphia mayor who is in a tough race to succeed Lawrence; and Joseph S. Clark, trying for another term in the U.S. Senate.

Following the Democratic dinner, the cash customers filed into the dirt-floored arena where the state dairy exposition had ended just a few hours before, leaving behind some of the aroma.

Picking up in his speech a theme of his campaign for the White House in 1960, the Chief Executive said of the Democrats "We must be committed, as we have in the past, to getting this country moving."

While he isn't on the ballot this time, Kennedy said he holds as President a great responsibility for the conduct of the nation's campaign for progress.

"And one fact," he said, "is clear beyond dispute: That this country requires, if it is to move ahead, a progressive Congress—in short, a Democratic House and a Democratic Senate."

The House and Senate are Democratic now, and Republicans contend they have a pretty sorry record. Kennedy conceded that the 87th Congress hasn't measured up to his hopes, but he said it has a record of progress and compassion unmatched in recent times. And he wants more Democrats in Congress, he said, because in spite of advances he said have been marked up during his administration, much more needs to be done.

## New Bids Asked on Hospital Land

LITTLE ROCK (AP)—The State Hospital asked for new bids Thursday on 1.193 acres of surplus land and buildings. The bids will be opened Oct. 12.

Previous efforts to sell the property failed.

Included in the new offering are 81 acres at the old Baucum Farm near North Little Rock and two tracts—8.1 and 328.8 acres—at the Benton unit.

## Decides He Wants His Wife, Child

LITTLE ROCK (AP)—Jerry Wayne Archer, 21, who left his wife and 20-month-old child to face police alone last week, got lonely for them Thursday.

Archer telephoned the FBI and said he would surrender if he could talk with his wife. The FBI agreed.

Archer gave himself up, but the talk will be over long distance. Mrs. Archer, 19, was returned to Tyler, Tex., Monday to face a parole violation charge.

A similar charge is pending against Archer. He also is being held on \$2,500 bond in connection with driving a stolen automobile from Memphis to Little Rock.

Little Rock police went to the Archers' home last week to question them about a stolen car. Mrs. Archer was arrested. She said Archer fled through a window as officers approached.

The Archers were convicted and given seven-year suspended prison sentences at Tyler July 26, 1960, for interstate transportation of a stolen automobile. The FBI said they failed to remain in contact with their parole officer.

## Baptist Board Presents Budget

LITTLE ROCK (AP)—The Executive Board of the Arkansas Baptist State Convention will present a record \$2,106,600 1963 budget for the approval of the convention in Little Rock Nov. 5-7.

The budget would provide \$1,089,478 for operation of institutions, agencies and departments within the state. Another \$117,500 would go for Christian education in the state and \$100,000 would be a special Thanksgiving offering for the Arkansas Baptist Home for Children at Monticello.

The budget also allows \$74,000 in capital needs for state causes, and \$6,261 for Southern Baptist Convention causes outside Arkansas.

## Must Pay Tax

LITTLE ROCK (AP)—Municipal housing authorities in Arkansas must pay the state's three per cent sales tax on office supplies and utility bills, the Attorney General's office ruled Tuesday. The ruling went to Fay H. Needham, director of the Paris Housing Authority.

## Congolese Attacks

ELISABETHVILLE, Katanga (AP)—The Katanga government in a communique Tuesday night reported "Congolese army attacks from several points in north Katanga."

## Bobcats Take Bucks 20-7 In 4AA Battle

### Jr. Varsity Nips Last Quarter Kittens Lose for Piercemen

**By VINCE FOSTER**

In their first District 4AA contest, the Hope Bobcats overcame an early Buckaroo lead to take Smackover 20-7 there on Friday night. The Cats took advantage of fumbles, blocked punts, and pass interceptions to defeat the Bucks.

The Bucks drove 45 yards after the opening kickoff to Hope's 15. There QB Tommy House hit Lotz on a scoring pass play that covered 15 yards. Roberts kicked the point after to put the Bucks out front 7-0. Hope HB Roy Wray returned the kickoff 30 yards to the locals 45. From there they drove 38 yards to the Smackover 17, where they lost the ball on a fumble. However, Chuck Beggs stole the ball from the Bucks' running back on the next play to give Hope possession on their 19. After a carry by Burnett, David Porter field carried the ball four times straight, the final one being for three yards and a Bobcat score. He added the PAT to tie the game 7-7. Before the half Hope traveled inside Smackovers 10 twice both times, losing the ball on downs.

Most of the third quarter action took place in Buckaroo territory, but early in the fourth period three Bobcats blocked a Smackover punt deep in their territory. Charles Beggs took it on the bounce and carried the ball over from the 10. The point after failed, but Hope led 13-7.

Dan Jones intercepted a Buck pass at the Hope 45 to stop the final important Smackover threat. Hope then lost the ball on downs, but Porterfield's punt stopped on the Bucks three yard line. With a minute left, Earl Ray Murphy intercepted a Buckaroo pass at the 40 and returned it to the one yard line. Two plays later Hope FB Richard McDowell plunged over for the score. Porterfield added the PAT to give Hope their 20-7 victory lead.

Porterfield again led the locals in rushing with 108 yards, giving him a three game total of 317 yards rushing. Richard McDowell carried for 23; Wray 22, McLarty 21, Burnett 17, Sullivan 6, and Aldridge 3. Roberts led the losers with 66.

Coach John Pierce commented, "We weren't ready for them and the boys know it." He added, "They thought it would be like the DeQueen game, but I think they learned a lot anyway."

## Ordeal at Comanche Wells

### By Benjamin F. Copps

Copyright © 1962 by Benjamin F. Copps  
Distributed by Newspaper Enterprise Assn.

**THE STORY:** William Ivey, under sentence to hang for murder, has escaped from his cell, in a struggle with Deputy Youngblood, Ivey stuns the officer with a rifle stock. ...

**XVIII**

The deputy's hand streaked for his hip and came up empty. His .44 had fallen out of his holster. The door had been almost closed. The split second it took Ivey to jerk it open and go out was enough to allow Youngblood to get to the door. They tugged momentarily at the door. Ivey outside, the deputy inside. When Ivey released it, Youngblood fell backward.

Now his eyes swept the room and found his gun. He scooped it up and ran out the door.

The corner of the building was some 30 feet away. He sprinted to it and saw Ivey disappearing around the rear corner. Youngblood's head was clearing. As he came around the rear corner, he saw that his quarry 50 feet ahead of him, pounding toward the corral.

He triggered off a shot at the top plank of the corral, and his slug left a white blaze in the wood in front of Ivey's eyes.

Ivey stopped with his hands against the fence, then turned slowly.

They faced each other, panting. Ivey said, "Looks like you got me."

The sheriff came running from toward the front of the building and Slim from the quarters in the rear at the same time. The sheriff was hunched when he saw Ivey. "What happened Youngblood?"

"That's what I'd like to know," the deputy said. "I came back from supper at the hotel and when I came into the office he pumped me. He came real close to getting away, too. He might have made it if there had been a horse tied in front of the jail or even across the street."

The sheriff demanded of the prisoner, "How'd you get out?"

Ivey grinned.

"You get smart and I'm going to slit your skull with this gun barrel," the sheriff said.

The sheriff and Slim receded, the prisoner and Youngblood up the stairs to the cell, where they found Maggie Cobb, half terrified, the big ring of keys in her hand. "He said he only wanted to get some exercise," she stuttered.

The sheriff snatched the keys and asked, "Can anybody explain to me how any living human can be so stupid?"

The woman was sniffling. "He wanted out so bad. The poor man."

**Terms of Two Slayings Reduced**

**LITTLE ROCK (AP)**—Life terms of two murderers and sentences of four other convicts were reduced Thursday by Gov. Orval E. Faubus.

The term of Joe Hoskins was cut to 45 years. He was sentenced March 9, 1946 for first degree murder in Pinellas County.

R. L. Conyers, sentenced July 7, 1954, for first degree murder in Clay County, had his term reduced to 30 years.

Faubus said he acted on recommendation of the state Pardon and Parole Board.

**MORRILTON, Ark. (AP)**—A special \$65 million bond issue election has been called to coincide with the Nov. 6 general election in Morrilton to finance an expansion to more than double the size of Arkansas Cotton Mills.

The firm manufactures corduroy material and employs about 300 persons.

Mayor Thomas Hickey said the bond issue would not obligate the credit of Morrilton or its property owners. The bonds will be retired from rentals on the new plant, he said.

If the bond issue is passed the plant employment would be increased by 80 per cent and the annual payroll by 60 per cent.

**Man Acquitted on Rape Count**

**TEXARKANA, Ark. (AP)**—A Circuit Court jury found John Anderson, 52, of near Fouke, innocent Wednesday of a charge of raping an 11-year-old girl.

Rape charges still are pending against the girl's father, Tom Williamson of Fouke. Trial is scheduled for November.

The jury deliberated an hour before returning the innocent verdict in the Anderson trial.

The girl testified that Anderson attacked her at her home last November while her parents were away.

Anderson testified he did not molest the girl and that the girl told him she had been attacked by another man who was a friend of the family.

The girl also said her father molested her before Anderson did.

**Californian May Be Undersecretary**

**WASHINGTON (AP)**—President Kennedy is reported to have picked John F. Henning, director of the California State Industrial Relations Department, to be undersecretary of labor.

Henning would succeed W. W. Wirtz, who was elevated to secretary of labor with the resignation of Arthur J. Goldberg, nominated as a member of the Supreme Court.

Henning was for a decade research director of the California Federation of Labor. A graduate of St. Mary's College, he was named the school's Alumnus of the Year in 1959.

## Heber Springs to Get New Plant

**HEBER SPRINGS, Ark. (AP)**—A \$281,388 contract for construction of a new plant for the Ely & Walker shirt factory at Heber Springs was awarded Wednesday to Cone & Stowers, Inc. of Searcy and Little Rock. The factory will be financed by a \$42,000 ad valorem bond issue approved by Cleburne County voters May 8 and a \$350,000 revenue bond issue approved by Heber Springs voters on the same date. The factory will employ about 400 persons and have an annual payroll of \$750,000. It is expected to be ready for occupancy by late December.

## Arkansan Picked as Space Pilot

**LAS VEGAS, Nev. (AP)**—Capt. Albert H. Crews Jr., 33, a native of El Dorado, Ark., is one of six men named by the Air Force as pilots for the X-20 Dyna-Soar, a winged space glider intended to orbit the earth and return to land.

No date for the first flight has been set but it is expected early next year. The project is a follow-up of the X-15 rocket plane program.

Crews was born in El Dorado and his family moved to Hollaway, La., when he was a boy. He graduated from Southwestern Louisiana University and entered the Air Force as an enlisted man. He is married and has three children.

## Man Acquitted on Rape Count

**TEXARKANA, Ark. (AP)**—A Circuit Court jury found John Anderson, 52, of near Fouke, innocent Wednesday of a charge of raping an 11-year-old girl.

Rape charges still are pending against the girl's father, Tom Williamson of Fouke. Trial is scheduled for November.

The jury deliberated an hour before returning the innocent verdict in the Anderson trial.

The girl testified that Anderson attacked her at her home last November while her parents were away.

Anderson testified he did not molest the girl and that the girl told him she had been attacked by another man who was a friend of the family.

The girl also said her father molested her before Anderson did.

## Californian May Be Undersecretary

**WASHINGTON (AP)**—President Kennedy is reported to have picked John F. Henning, director of the California State Industrial Relations Department, to be undersecretary of labor.

Henning would succeed W. W. Wirtz, who was elevated to secretary of labor with the resignation of Arthur J. Goldberg, nominated as a member of the Supreme Court.

Henning was for a decade research director of the California Federation of Labor. A graduate of St. Mary's College, he was named the school's Alumnus of the Year in 1959.

## Doctor Is Suicide

**LONDON (AP)**—Prof. Ian Aird, surgeon who gained world renown separating Siamese twins, killed himself with an overdose of sleeping pills in a fit of depression, a coroner ruled today.

The professor, 58, was found lead Monday.

# It Looks to GOD

Have you watched the face of the sunflower? It follows the sun all day so it will not lose one single ray...it looks to God, do you?

For such devotion the creative power of the sun blesses it with a tall, strong, sturdy stalk, with abundant beauty and fertility. Oh, that we could thus bask in the sunshine of God's grace and goodness!

The ordinary might then take on radiant meaning if we would but turn our eyes toward Him. Going to church would be much easier if all week long we would realize our kinship to deity.

The sunflower is a symbol of the rich harvest that fills the grainaries for bird and beast. But a place in Heaven awaits those who lose themselves in good service...those who keep their eyes fixed on God.

# You in the CHURCH

# the CHURCH is you

So They May See == Psalm 27 == So They May Hear

**T**HE LORD IS MY LIGHT and my salvation; whom shall I fear? the Lord is the strength of my life; of whom shall I be afraid?

2. When the wicked, even mine enemies and my foes, came upon me to eat up my flesh, they stumbled and fell.

3. Though an host should encamp against me, my heart shall not fear; though war should rise against me, in this will I be confident.

4. One thing have I desired of the Lord, that will I seek after; that I may dwell in the house of the Lord all the days of my life, to behold the beauty of the Lord, and to enquire in his temple.

5. For in the time of trouble he shall hide me in his pavilion: in the secret of his tabernacle shall he hide me; he shall set me up upon a rock.

6. And now shall mine head be lifted up above mine enemies round about me: therefore will I offer in his tabernacle sacrifices of joy; I will sing, yea, I will sing praises unto the Lord.

**H**EAR, O LORD, when I cry with my voice: have mercy also upon me, and answer me.

8. When thou saidst, Seek ye my face; my heart said unto thee, Thy face, Lord, will I seek.

9. Hide not thy face far from me; put not thy servant away in anger; thou hast been my help; leave me not, neither forsake me, O God of my salvation.

10. When my father and my mother forsake me, then the Lord will take me up.

11. Teach me thy way, O Lord, and lead me in a plain path, because of mine enemies.

12. Deliver me not over unto the will of mine enemies: for false witnesses are risen up against me, and such as breathe out cruelty.

13. I had fainted, unless I had believed to see the goodness of the Lord in the land of the living.

14. Wait on the Lord: be of good courage, and he shall strengthen thine heart: wait, I say, on the Lord.
